

Online Parent/Carer Coffee & Chat Sessions

8.00pm - 9.00pm

Please e-mail us for the link

We love bringing families together to share their stories and lived experiences and catch up over a warm drink. We hold regular coffee mornings at the Carers Centre where parents/carers can attend to chat to us or other parents.

We also run Online Parent/Carer Coffee & Chat sessions for those parents who can't attend the day time sessions at the Carers Centre.

At the online sessions we sometimes invite local services/organisations to attend to let parent/carers know about the support available for them, their children/young people and adults with SEND.

The online evening sessions are the same format as the coffee mornings and are held on Microsoft Teams. Parent/carers can request a link from Doncaster Parents Voice via the e-mail below.
