

Sustainability

This half term we will be focusing on the texts: 'The Scarecrows Wedding' and 'Oliver's Vegetables'.

We will firstly be looking to write CVC words independently, this will then develop into phase 2/3/4 writing. We will write simple phrases.

We will practice our handwriting everyday. We will have a phonics session each day and read our decodable text to an adult. These will be updated regularly in our library.

We will have a library slot every week.

In Math's we will have personalised learning based on our individual maths targets, our main focus will be 'Place Value' and 'Addition and Subtraction'.

Science will be based around caring for our planet, Habitats and Eco-Systems. We will also discuss seasonal changes.

In PSHE and SEAL time, we will continue to develop our understanding of kindness and friendships. We will learn about people and jobs in our community and how they help us.

In art we are going to look at colour mixing, clay sculptures and printing.

We will have play therapy at lunchtime. All of our sessions will support us to stay calm and ready to learn.

In Geography and History we will learn about where our school is, where Doncaster is, the four countries of the UK and the seven continents.

Through our PE lessons we are going to be developing our skills of team work through a variety of different games and challenges with Doncaster Rovers every Tuesday.
